Introduction

The purpose of the athletic and extracurricular programs in the Keystone School District is to promote the physical, mental, social, emotional and moral well-being of the participants. It is hoped that athletics and other extracurricular activities in our school will be a positive force in preparing youth for an enriching and vital role in American Life.

The athletic program and other extracurricular activities are an important and integral part of the total school program and are open to participation by all students regardless of individual differences. Through voluntary participation, the athlete gives time, energy and loyalty to the program. He/she also accepts the training rules, regulations, and responsibilities which are unique to an athletic program. In order for the team or group to be successful, athletes must assume many obligations not required of other Keystone High School students.

The Athletic Policy Handbook will be given to each Head Coach to serve as a guide to those needing information concerning athletic rules and regulations. This handbook should provide the foundation for the efficient organization and operation of our athletics and extracurricular activities.

Keystone Junior-Senior High School is a member of District IX of the Pennsylvania Interscholastic Athletic Association (PIAA). District IX includes member schools from Butler, Clarion, Clearfield, Elk, Forest, Jefferson, McKean, Potter and Venango Counties. Our athletic teams participate in the Keystone Shortway Athletic Conference (KSAC), with the exception of soccer and wrestling, which are part of a District IX league.

The following high schools represent the Keystone Shortway Athletic Conference: A-C Valley, Clarion, Clarion-Limestone, Cranberry, Forest Area, Karns City, Keystone, Moniteau, North Clarion, Redbank Valley, St. Mary's, Union, and Venango Catholic (Brookville, Punxsutawney and St. Marys for Football only).

Guidelines for Random Drug Testing of Athletic Participants (as per the Keystone School District Student Handbook) are as follows.

- A. Random drug testing may be done without prior warning to the student. The dates of testing, the number of tests to be performed, and the identity of the students to be tested shall be determined by the administration in its sole discretion and may be performed at any time. This means that random testing may occur before, during, or after the sports season or scheduled program of the athletic activity.
- B. Upon the day of testing, the district’s administration will provide the testing vendor with a list of numbers corresponding to the entire pool of athletic activity participants. The list shall contain no names; the district alone shall maintain the records indicating which students correspond to which number. The administration then will indicate to the vendor how many students the District wishes to test. The vendor will return a random list of numbers from which the District will be able to determine the individual students to be tested.
- C. Any eligible student selected randomly for the drug testing who is not in school on the day of testing will be tested at the next available testing time. Failure to comply will result in the student being viewed as refusing to test.
- D. All costs of the collection, testing, and interpretation shall be paid by the School District.
- E. More detail of the testing may be found in Keystone School District Board Policy No. 123.1.

VI. **Grades & Eligibility** – Academic Eligibility – In order to participate in extracurricular activities, a student must meet the following requirements:

The date of ineligibility begins on the first day report cards are issued, the first day of practice of a season in which the report card had been previously issued, or the first fifteen (15) school days of the Fall season when using final grades at the end of the school year.
 - 2. At the end of the school year, the student’s final grade in the student’s subjects rather than the grade for the last grading period shall be used to determine the student’s eligibility for the next grading period.
 - 3. The student will be ineligible if:

- a. Senior High – a failing grade is received in any subject that is required for graduation.
- b. Junior High – a failing grade is received in one of the five (5) core courses: English, Reading, Mathematics, Science, and Social Studies.

- 2. A student who is declared ineligible on a weekly eligibility report will be ineligible for a period of one week (from Sunday to Sunday) and in that time must bring his/her grades up to passing or he/she will remain ineligible for interscholastic competition until that condition is met.
- 3. Weekly grades shall be collected each Monday morning at 8:00 AM to determine eligibility. In cases where a student's cumulative work from the beginning of the grading period does not, as of Monday morning, meet the academic standards specified then the student shall be deemed ineligible from the Sunday preceding that Monday through the Saturday preceding the next Monday as of which the student's cumulative work from the beginning of the grading period meets the weekly academic standards. This may be done at the High School by the School Doctor at the times and dates set forth by the Athletic Department, or the student may receive a physical from his/her own doctor. A new physical is required for each new school year and must be dated on or after June 1st of the current year. A recertification physical may be required if the student has been injured in any prior sports season or activity before being allowed to participate again in a new sports season.

VIII. **Tryout Policy** – It is the Keystone School District's desire to see that as many student participants as possible are involved in our athletic and extra-curricular programs. Unfortunately, due to facility space, time constraints, and other additional factors, limitations are sometimes placed on the number of participants allowed in a particular activity. The procedures for limiting the number of participants in an activity are as follows:

2. The Head Coach or advisor will discuss possible options or alternatives available to any individual who is not selected for the sports team or extracurricular activity.

IX. **Insurance Requirements of Athletes** – Student-athletes in Grades 7-12 who are involved in a sport are required to provide written proof of health/accident insurance. In the event a student does not have this insurance, there is a “K-12 Voluntary Student Accident Insurance up to \$250,000)” form that may available online through the School District’s website at <http://www.keyknox.com/highschool/PDF/AccidentInsurance.pdf>. **Please note that these policies cover interscholastic sports except for senior high football.**
