

Letters were mailed home in May reminding you of the immunization requirements for the 2018-19 school year. Students entering 12th grade are required to have a second dose of Meningococcal vaccine (MCV). Students entering 7th grade are required to have one dose of Meningococcal conjugate vaccine (MCV) AND one dose of tetanus, diphtheria, acellular pertussis (Tdap) if five years have lapsed since the last tetanus immunization.

Please submit proof of the immunization by August 15, 2018. The Department of Health's new regulations has NO GRACE PERIOD. If your child does not have these immunizations completed within the first 5 days of the start of school, he/she will NOT be permitted to attend school until these immunizations are completed or a written plan signed by your physician is provided to the school.

Please contact the school nurse with any questions.
